UI/UX

CARRIER OBJECTIVE

Passionate Developer eager to leverage coding skills to build effective and innovative software solutions. Committed to teamwork and continuous improvement, aiming to contribute to impactful projects and support company growth.

WORK EXPERIENCE

Digital Copilot Ai UI/UX Designer

Before this, I was a UI/UX Designer at Digital Copilot. There, I designed user-friendly interfaces, conducted user research, and created prototypes to enhance digital products. My efforts improved the usability and visual appeal of the company's applications and websites.

ILBC International School Junior Laravel Developer

Before this, I worked as a Junior Laravel Developer at ILBC. In this role, I developed and maintained web applications using the Laravel framework, collaborated with senior developers on various projects, and contributed to improving the functionality and performance of the company's digital solutions.

Collaborate with team Real Estate

Last month, I was part of a collaborative effort on a real estate project utilizing Laravel within a team setting. Together, we worked on various aspects of the project, from design to implementation, to ensure its success.

LANGUAGE

English(Intermediate)

Japan(N5)
